

UNDER \$5,000 ASSET CERTIFICATION OR SWORN STATEMENT OF NET HOUSEHOLD ASSETS

(NOTE: If assets exceed \$5,000 cash value, interest/dividends from assets received must be verified.)

DEFINITION OF NET HOUSEHOLD ASSETS (24 CFR 813.102)

Net household Assets means the cash value, after deducting reasonable costs, that would be incurred in disposing of real property, savings, stocks, bonds, and other forms of capital investments, excluding interests in Indian trust land and the equity in a housing cooperative unit or in a manufactured home in which the household resides. **The value of necessary items of personal property such as furniture and automobiles shall be excluded.** (In case where a trust fund has been established and the trust is not revocable by, or under the control of, any member of the family or household, the value of the trust fund will not be considered an asset so long as the fund continues to be held in trust. Any income distributed from the trust fund shall be counted when determining Annual Income under 813.106.) In determining net household assets, owners shall include the value of any business for household assets disposed of by an applicant or resident for less than fair-market value (including a disposition in trust, but not in a foreclosure or bankruptcy sale) during the two years preceding the date of application for the program or re-examination, as applicable, in excess of the consideration of a disposition as part of a separation received thereof. In the case of a disposition as part of a separation or divorce settlement, the disposition will not be considered to be for less than fair-market value if the applicant or resident receives important consideration not measurable in dollar terms.
